

Make-Up Removers

- A great way to save on expensive wash cloths and hand towels
- A solution for hard to remove make up stains.
- Inexpensive, high quality, and easy to use
- Contains a gentle formula makeup remover appropriate for any skin type
- It will save labor, energy, time and money because you won't have to wash and rewash towels
- Signage now available to promote the use of make-up removers to your guests

For the convenience of our guests we are now offering make up remover wipes in each of our rooms.

Make up often stains wash cloths which leads to their disposal. By choosing a make up remover wipe you save waste, water, energy, and chemicals which would be used to launder wash cloths.
