

38 BILLION

plastic water bottles go into US landfills each year.
Only 23% are recycled.

700 YEARS

plastic begins to decompose

MAKE A DIFFERENCE

*by offering water to
your guests from a*

Water Cooler

Pineapple Hospitality, Inc. now offers water coolers. Most coolers are available with a bottled or bottle-less option. Please contact us to place an order so that we can find the best cooler for your property. These are an excellent way to save money and resources through the limited use of bottled water at your property. Instead of sending countless water bottles to a landfill, you are choosing to be environmentally responsible by utilizing a refillable water cooler. Your guests will recognize and appreciate your commitment to the environment, and you will appreciate the enhancement of your bottom line.
